And if this rule shall be suspended or modified as aforesaid, the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the petition has been received after the time hereinbefore limited, shall in either case pay double the fees required in respect of such Bill by this rule, unless the House shall order to the contrary.

98. (1) Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight clear days before the opening of the Session.

APPLICATION FOR AMENDMENT OF WASTE MANAGEMENT PERMIT PR-2212

THIS APPLICATION is to be filed with the Waste Management Branch, 1011 Fourth Avenue, Prince George, B.C. V2L 3H9.

Any person who may be affected by the amendment to Permit PR-2212 described below may, within 30 days from the date of posting, publication, service or display, state in writing to the Manager how he is affected.

Preamble—The purpose of this application is to apply for permission to burn combustible construction waste (non-putrescible) from time to time under favourable atmospheric conditions in a portion of the landfill site remote from the general refuse dumping area.

Corporation of the City of Dawson Creek, Box 150, Dawson Creek, B.C., hereby applies for amendment(s), as described below, to Waste Management Permit PR-2212, granted on October 7, 1974, last amended January 10, 1980 which authorized the discharge of refuse and effluent from municipal and other sources located at Dawson Creek, B.C., to the ground.

AMENDMENTS REQUESTED

Before: Burning of any kind is not presently authorized.

After: It is proposed to establish a specified area of the landfill site where construction waste (mainly wood) containing no municipal refuse can be burned. This would greatly conserve landfill space. It is anticipated that burning would be done about 5 days per month during the construction season and about 1 or 2 times per month otherwise. The proposed burning area is separated from the general refuse dumping area by an internal gate. An attendant is on duty during all hours that the main gate at the highway is open. There is a telephone at the site.

This application, dated on December 13, 1982, was posted on the ground in accordance with the Waste Management Regulations.
